Let us  
**INTRODUCE**  
OURSELVES

**BIZNES CHEMISTRY NIG. LTD.** is a leading manufacturer and retailer of premium quality Expert paints and coatings services, serving customers throughout Nigeria.

**EXPERT PAINTS** offers a comprehensive line of superior performing quality paints. All products are specifically formulated to withstand tropical climatic conditions.

**EXPERT PAINTS'** remarkable success is driven by knowledgeable, highly experienced people who are passionate about providing the most helpful and convenient services.

The company's combination of product performance, customer commitment and overall expertise ensures that **EXPERT PAINTS** can be counted on, to deliver the best possible paint outcomes.

## OUR VISION

To be a major manufacturer and supplier of all decorative and industrial paints in Nigeria.

## OUR MISSION

1. To exceed customer's expectation with our quality service delivery
2. To resolve all customer's complaints within 24 hours
3. Giving our clients the best services at all times, ensuring good quality, at affordable prices and prompt delivery.
4. To look at the existing paints and ask why? Envision the non-existing paints and ask why NOT?

## OUR CORE VALUES

**INTEGRITY**

**PROFICIENCY**

**HONESTY**

**SPEED**

**ACCURACY**

## OUR RESEARCH & QUALITY CONTROL

These extensive tests take more time, but ensure the quality of each batch for every product, so you can rely on Expert Paints, project after project, liter after liter and year after year.

### DILIGENT INSPECTIONS

All formulations and batch production as well as dedication to continuous improvement reinforce our established reputation as one of the leaders in the coatings industry. We are Standard Organization Of Nigeria (SON) certified.

### FOREIGN CONSULTANT

In our pursuit for excellence and international best practice, we employ the service of an international consultant to mentor us on best way of doing our work. Expert Paints took a giant step forward when IAS Professional Services of 4701, Avenue Barclay, H3W Montreal, QC, Canada, accepted to put us through in our product development, standard formulations, good Accounting practices, marketing and Customer relations. We can boldly say that we are global company in our local environment of operation.
